Dear Mr. Coleman:

On April 27, 2005, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of your facility, Alvin J. Coleman & Son, Inc. ("Coleman"). The purpose of the inspection was to determine Coleman's compliance status with RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Coleman was issued Letter of Deficiency No. WMD 05-020 ("LOD"). Based upon a review of Coleman's submittals, DES has determined that your facility has corrected the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor Coleman's compliance status through record reviews and on-site inspections. This Letter of Compliance does not release Coleman from liability for penalties to which it may be subject for the deficiencies identified in the LOD.

If you have any questions regarding this letter, please contact the lead inspector, Linda Birmingham or me at (603) 271-2942. Thank you for your cooperation.

Sincerely,
